Coming Home...

It is with a heavy heart that I write this letter. Normally, Christiane, my wife of 34 years would be asking mo to finish this letter so that the nowsletter con It is with a heavy heart that I write this letter. Normally, Christiane, my wife this letter so that the newsletter could of 34 years, would be asking me to finish this letter so that her quidance to lift of 34 years, would be asking her has left all of us without her quidance to lift he sent to the printer. Losing her has left all of us without her printer. Dear Customers and Friends,

of 34 years, would be asking me to Jinish this letter so that the newsletter could be sent to the printer. Losing her has left all of us without her guidance to lift be sent to the printer. Losing her has left all of us without her guidance it is impossible our collective attitude. It has been a painful transition. However, it is impossible our collective attitude. It has been a painful transition. be sent to the printer. Losing her has left all of us without her guidance to lift. However, it is impossible our collective attitude. It has been a painful transition. However, inspiring us our collective attitude. It has been a painful transition inspiring us our collective attitude. It has been a painful transition inspiring us our collective attitude. It has been a painful transition. our confective attitude. It has been a painful transition. Flowever, it not to feel Chris's spirit here with us at every moment, inspiring us not to feel Chris's spirit here with us at every angole she has morely to been going. It's clear to us that libe other angole she has morely not to Jeel Chris's spirit here with us at every moment, inspiring us to keep going. It's clear to us that, like other angels, she has merely to keep going. It's clear to us that, different horselecting to help us from a different horselecting

to keep going. It's clear to us that, tike other angels, she to help us from a different perspective. The theme of this newsletter focuses on migratory animals that The meme of this newsletter focuses on migratory animals that return home. Inside this issue we see how our GSM units give return home. Inside this laws range and laws about Can Diagonal inside him home range.

return nome. Inside this issue we see now our GSM units give new insight into bird home ranges and learn about San Diego new insignt into otra nome ranges and learn about San Diego Golden Eagle fledglings' dispersal patterns from a long-term tolemotry study. In the maxine realm we find out about telemetry study. In the marine realm, we find out about recemetry study. In the marine realm, we find out about Thanks so migratory patterns of a pelagic shark and marlin. Thanks so migratory patterns of a pelagic shark and marlin. Ratio migratory patterns of a petagic snark and martin. Thanks so much to the Meybergs, Carsten Rohde, Dave Bittner, Katie Much to the Meybergs for contributing their amazing Outstand Freiby Loose for contributing their amazing Quint, and Emily Loose for contributing their amazing

findings to this newsletter.

Home is a very broad term but we watch in amazement riome is a very vivau term out we water in amazem how animals can travel thousands of kilometers and return a few months or years later to the same nest or Term a Jew months of years facet to the same nest of area of the ocean. The reason for these returns is species area of the ocean. The reason for these returns is species specific. Personally, I am thankful that my son and daughter specific. Personally, I am thankful that my son with the values of specific found their way home to halo carry on with the values. also Jouna their way nome to neip carry on with the values of our energy and company. Russell and Lucy are dedicated to its cause and bring new energy and vision specific. Personally, I am mankful that my son and adugnter of our also found their way home to help carry on with the values of our also found their way home to help carry on its cause and bring no dedicated to its cause and bring no dedicated t

We are grateful for all your support over the years, and especially those who have sent kind words in recent months. It really means a lot to us
